

# Hirachand Nemchand College of Commere, Solapur

## INTERNAL QUALITY ASSURANCE CELL (IQAC)

The National Assessment and Accreditation Council ( NAAC) plays an important role in performance evaluation, quality up-gradation and assessment & accreditation of institutes of Higher Education. NAAC proposes that every accredited institution should establish an Internal Quality Assurance Cell as a post-accreditation quality sustenance measure. Since its first accreditation Cycle in 2004 the IQAC of HNCC has been continuously working for quality enhancement and bringing about catalytic improvement in the overall performance of institution. The ‘ A ’ Grade awarded to the College by NAAC in the second and third cycle stand testimony to the efforts and measures of the functional IQAC towards promoting holistic academic excellence .
