

HIRA BEST READER AWARD

The goal of library services in higher education is to enhance students' reading habits. The library, along with its supportive staff, serves as a vital exchange point for ideas on career development, personal growth, national progress, and global perspectives.

Change is a continuous process that moves in the direction of success. We are consistently striving to discover and nurture the potential of students, cultivating intellectual and morally responsible citizens for nation-building. As part of this endeavor, we have introduced a platform to recognize reading excellence: the Best Reader Award.

The steps for selection of awardees are as follows:

- ❖ This competition remains open from 1st August to 28th Feb every year.
- ❖ The student has to enroll his name.
- ❖ One additional library card will be provided to them, those who wish to participate in the competition.
- ❖ A list of popular books will be displayed on the notice board & WhatsApp group for the reference of the students.
- ❖ After reading any book, the student is selected based on interviews.
- ❖ Interviews will be conducted by the expert teachers, & the final result will be prepared.
- ❖ The awards distribution function will be annually arranged.
