SAPDJ Pathashala

“The doyen of Jain Community, Shri Seth Hirachand Nemchand in his assiduous endeavour to serve society established “Shri Aillak Pannalal Digambar Jain Pathashala”(S.A.P.D.J.P.) in the year 1885. Originally started with the object of imparting religious education to students, the trust gradually moved in to the field of general education and established high schools. Shri Aillak Pannalal Digambar Jain Pathashala, Solapur has been working in the interest of the society since its establishment in the year 1885. It is one of the rare institutions with a glorious history of one hundred and twenty-five years. The Pathashala witnesses its growth and development under the all-round supervision of the pioneer of the Indian industries and the epitome of Services to society, Shriman Sheth Walchand and Sheth Lalchand. Ours has been an Institution with the Panchasutri of knowledge, Character, Love, Service and Management for strengthening liberty, equality and brotherhood in the society. In its 75th year the trust started a multi disciplinary institution under the name “Solapur College of Arts, Science and Commerce”. Since then the trust has spread its wings far and wide. The trust is ingrained with the dual objective of promoting “Shramana Culture” and protecting educational culture.

About HNCC

In 1972, HNCC i.e. Commerce College was started as Solapur College of Commerce, Solapur to cater to the needs of the citizens in Commerce faculty. In 1979, the College was renamed as Hirachand Nemchand College of Commerce, Solapur. The college is accredited as 'A' grade in March 2011 by NAAC. HNCC is the first single faculty college under Solapur university to receive such a distinction. The College has evolved as a leading college in higher education for Commerce and Pioneer in Management Education in Solapur District. The college has been catering to the needs of students having weak economic background as well as students from socially backward communities from generations together. With changing times the college management has made concrete efforts in providing advanced infrastructural facilities to provide good teaching-learning environment for all.

About Conference

Historically, India has served as an incubator for ideas in different spheres of human life: political, social, economic, cultural and also scientific. India's rich heritage of scientific inquiry – in architecture, astronomy, mathematics, medicine, metallurgy, textiles, health, ship building, town planning, textiles and many more can be understood by the discoveries and innovations made over the centuries. The Indian Knowledge Systems (IKS) comprise of Jnan, Vignan, and Jeevan Darshan which were evolved out of experience, observation, experimentation, and rigorous analysis. This tradition of validating and putting into practice has impacted our education, arts, administration, law, justice, health, manufacturing, and commerce.

Over the past decade, there has been an increasing interest in Indic thought and wisdom as the flaws and limitations of the current model of individual and societal development have become apparent. Concepts such as sustainability, inclusivity, and values have gained prominence, leading to a surge of interest and initiatives in exploring and comprehending the knowledge traditions of ancient India, which were built upon these very principles. The National Education Policy (NEP) 2020 aligns with this spirit, emphasizing the importance of integrating Indian Knowledge Systems (IKS) into the national curriculum and pedagogy, as well as fostering genuine research and innovation in this field to address the challenges and concerns of the 21st century. This Conference is an attempt to identify and highlight Indian knowledge systems/practices lesser known at global level. Conference tries to refine the understanding of Indian knowledge systems full of wisdom over superstition.

Conference Tracks:

- Indian Knowledge System(IKS) & Sustainability
- Modern Education & IKS
- Vedic Indian Perspectives on Management
